Operation Shield

Dear resident,

In a joint initiative with Cheshire Police, the Parish Council would like to offer all households a free Selecta DNA kit.

The kits are unique to each household and enable owners to mark valuables with an invisible paint. In the event of a theft the stolen property will be made identifiable by the paint. Stickers can be displayed at the property to deter criminals. The use of Selecta DNA in whole communities has shown these areas are less likely to be targeted by thieves than areas not covered. Therefore, we would strongly encourage all households to take up this free offer.

You can receive your free kit by visiting Snelson Methodist Chapel on the date below. There will be a short presentation by PCSO Julia Short at the start of the session followed by the issuing of kits.

For more information please visit selectadna.co.uk or contact the Parish Clerk.

Dates:

Wednesday 13th February 11am – 12 noon

Shareen Worthington (Clerk to the Parish Council)
